American Rescue Plan = Lower Healthcare Cost

Covered California recently launched a new Special Enrollment Period which allows Californians to benefit from lower health insurance premiums available through the American Rescue Plan.

Here are some key highlights:

- The uninsured will be able to get a plan for as little as \$1 per month, or one with richer benefits for less than \$100 per month, but only if they sign up through Covered California.
- Consumers insured directly through a health insurance company who switch to Covered California could save up to \$700 per month on their coverage.
- Current Covered California enrollees could see their net premiums decrease by an average of \$180 per household, per month.
- Individuals who qualify for COBRA will be offered a temporary subsidy to offset the cost of COBRA.

To learn more about the American Rescue Plan, please call Covered California at 1.800.300.1506.
